

Trustworthiness

Are you getting what you pay for in **digital advertising**?

The industry and headlines are fraught with fraud. Enough is enough, as leading global advertisers have made clear. Save yourself from embarrassment, consumer alienation, ad blocking, erroneous ROI, and wasted ad dollars. **What's your best defense against:**

- your ads showing up on inappropriate sites
- barely showing up (nearly 50% of all digital ads are not viewable)*
- or seen by bots rather than people?

It's time for transparency. Here's a quick Scorecard to help you ask vital questions, partner with the best, build trust, and avoid negative consequences.

SCORECARD

Questions to ask your digital media partner:

VIEWABILITY & VERIFICATION

- Do you comply with the Media Rating Council (MRC) viewability standard for display ads? (at least 50% of ad pixels in view 1 second)?
- How does your 1-5 second time-in-view rate compare with display industry benchmarks?
Programmatic: 36.1% | Partner Name:
- Who are your verification partners?
